INTRODUCTION

The Intex Family of companies is dedicated to developing and manufacturing the highest quality products that not only provide the best value in price, but are innovative, fun and exciting. Backed by excellent Customer Service, Intex also provides first-rate after sales support. The 100+ independently owned and locally operated companies that make up the Intex Family all embrace this commitment to quality, service and price and are committed to working together to ensure the satisfaction of the families and individuals in countries across the globe who enjoy these products. This has become the hallmark of Intex around the world.

As a true industry leader, Intex boasts state of the art factories, trained and motivated people, products that meet rigorous testing requirements and a Customer Service organization that will go extra lengths to ensure our customers are satisfied and happy with their purchases.

That's why when you purchase an Intex product you can be confident that you are buying the best product, at the best price, backed by the best Customer Service organization in the industry.

2013

Intex is committed to delivering top quality products at a great value with the backing of a responsive Customer Service organization. Intex's Wet Set® line offers hundreds of backyard, pool and lake inflatables designed for every budget and age group. With products ranging from colorful and fun beach balls to floating islands for you and your friends to lounge on, no summer is complete without them. For boating enthusiasts, we offer a line of boats that are perfect for one person relaxing in a pool on a lazy afternoon, to 5-person boats designed for serious camping trips. Ask your Intex representative for any of our product catalogs – we are confident that you will agree that Intex's product line is unmatched in meeting your needs.

PLAN-O-GRAM FOR SUCCESS!

Merchandising

Great merchandising brings everything together in an irresistible format for the consumer. And nobody can do it better than Intex. First rate, high quality, innovative products are packaged in fun, inviting, and informative graphics designed to practically pull our products off the shelf! It is backed by compelling point-of-purchase materials to ensure strong, continuing sales.

And because happy kids make us happy, Intex brings you some of kids' favorite characters, including Disney's Lion King, Winnie the Pooh, Toy Story and Pool School™ - perfect for rounding out the ultimate merchandising plan!

POOL SCHOOL™

A three step progressive swim trainer program focused on safety awareness to help kids develop water confidence and improve swimming skills.

See this catalog (page 23, 30, 31, 32, 35 and 38) for more information on the Pool School™ line.

UV PROTECTION

Lenses incorporate advanced UV protection to reduce the sun's damaging UVA & UVB rays.

ANTI FOG

Lenses are treated with a special coating that keeps them clear underwater, ensuring 100% visibility.

LATEX FREE

Products incorporate hypoallergenic materials that protect users from potentially irritating latex.

SPLASH GUARD

Snorkel is configured to prevent water from flowing into the top, allowing the diver to easily swim below the surface.

SILICONE SEAL

Seals use silicone, ensuring a softer, more form fitting product that is comfortable and water-tight.

TEMPERED GLASS

Mask contains enhanced glass which is stronger and more transparent than standard models.

Boat GEAR

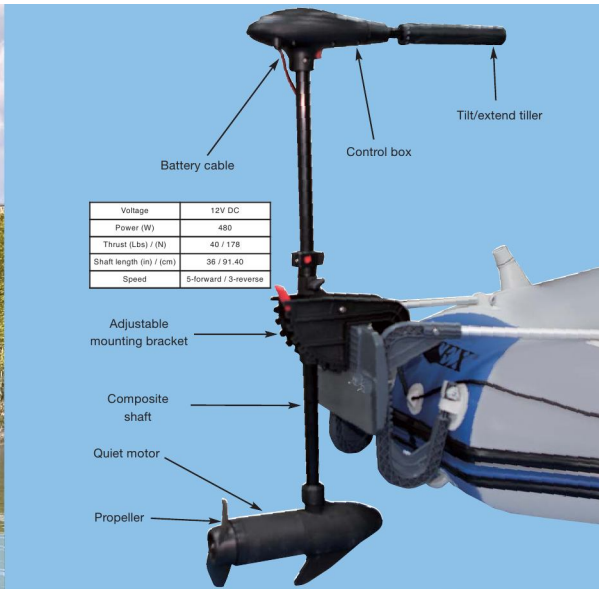

The Intex boat and accessory line consists of three series:

The Play Series comes with bright colors and graphics, perfect for leisurely cruising and relaxing around the pool on lazy summer days.

THE SPORT SERIES offers a broad range of recreation boats and kayaks. All models are made with strong and durable materials for stability and rugged use, suited to fishing and boating in lakes and mild rivers.

THE PROFESSIONAL SERIES is designed and engineered for optimum performance, comfort, rigidity and versatility. It features SUPER-TOUGH™ triple-layered, laminated PVC material to maximize comfort and safety, while resisting gasoline, abrasion and sunlight.

COMMITMENT TO EXCELLENCE

In today's rapidly evolving and highly competitive environment, this translates into a total commitment to product quality, including conformity to all relevant safety & quality regulations and standards. Examples include:

- EU directive 2005/84/EC "restrictions on the marketing and use of certain dangerous substances and preparations (phthalates in toys and childcare articles)"
- EN 71 "Safety of toys" (European standard)
- EN 13138 "Buoyant aids for swimming instruction" (European standard)
- EN15649 "Floating leisure articles for use on and in the water" (European standard for airmats, lounges and other similar items)
- EN 60335-2-41 "Safety of household and similar electrical appliances, particularly pumps" (European standard for water pumps)
- ISO 6185-1 "Inflatable boats" (International standard for Sports Boats)
- NMMA-ABYC (USA standard for hi-end sports boats)
- ASTM F963 "Standard Consumer Safety Specification for Toy Safety" (USA toy standard)
- ANSI-4 "AGP standard" (USA standard for above ground pools)
- CPSIA "Consumer Product Safety Improvement Act" (USA regulation of consumer and children's products)
- ASTM F2666 "Small pools standard" (USA standard for pools under 36" water depth)
- UL507 "Electric inflators" (USA standard for electric inflators)
- UL1081 "Swimming pool pumps, filters and chlorinators" (USA standard)

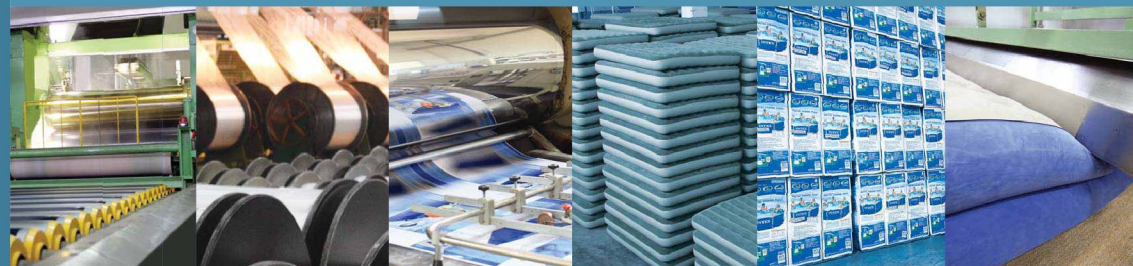

Intex's commitment to Excellence extends to helping our environment and supporting the ecosystem. It begins with product design. Intex's filter pumps operate on much lower amps than most filter pumps in the market, reducing electricity consumption. Our saltwater systems clean pools using only natural salt, eliminating the ongoing need for environmentally unfriendly packaged chlorine.

Intex also operates one of the most comprehensive recycling programs in the industry. We are the first company in China to successfully obtain a license to ship consumers' returns in the original package back to China to be recycled. Therefore, used materials and product returns are prevented from going to landfills and instead re-used in the manufacturing process where up to 10% of annually produced PVC is recycled.

Intex designs all of our own packaging for our products. We constantly challenge our methods of packaging to improve efficiency and reduce waste. More compact packaging techniques save cardboard while cutting down on space utilization, saving freight and fuel consumption.

As a manufacturer, Intex knows it has a responsibility to manage the amount of waste produced. As an employer of over ten thousand people, we also encourage our own employees to recycle, reduce waste, and be conscious of the environment. Starting from recycling corners for all our worldwide office facilities, our Factory has worked with the local government as well as through sponsorships with key partners to strengthen our efforts to be more eco-friendly. Intex has worked to provide incentives and seminars to employees as well as setting targets to reduce energy consumption. In addition, Intex has made significant investment in technology to achieve these goals. For example, we have implemented a frequency converter system which converts diesel to natural gas, installed solar water heaters and set up a recycled sewage system, and invested in equipment that reduces gas emissions.

From product design, to more efficient processes that save energy and reduce waste, to a world class recycling program, to more energy efficient offices, the people at Intex are striving to provide the best value products anywhere while constantly keeping our global ecosystem in mind.

All Intex products in this catalog are manufactured from 6P Free PVC, which contains less than 0.1% (1,000ppm) of the following 6 phthalates: DEHP, DBP, BBP, DINP, DIDP and DNOP. Exceptions are Intex pool covers (Item#: 58412 / E) which are manufactured from 3P Free PVC, which contains less than 0.1% (1,000ppm) of three phthalates (DEHP, DBP and BBP). This allows the use of recycled material for the pool covers, which have been evaluated not to provide any significant phthalate exposure in accordance with CA Prop 65 regulation.

EU: Select arm bands, swim vests, baby floats and kickboards may include a notation suffix "EU". These products are in compliance with European EN13138-1/2/3 "Buoyant aids for swimming instructions" standard. Select armats, lounges and islands may include a notation suffix "EU". These products are in compliance with European EN15649-1/2/3 "Floating leisure articles for use on and in the water" standard.

As a part of our program of product development and improvement, the detail specifications of the products shown in this catalog may be changed. For current specifications on any product, please contact your supplier of Intex products.
